

2009 Webinars

Program and Course Guide

Revised 2nd Half 2009 Program for
August through December

The American Concrete Pavement Association
Education & Training

The American Concrete Pavement Association's (ACPA's) highly acclaimed webinar series features an expanded program for 2009.

The webinars cover a broad range of topics presented in an interactive, online format.

Some of the transportation-construction community's most highly respected experts will present basic (60 minute) and intermediate (90 minute) webinars on a wide range of topics.

What's Covered?

The courses will cover virtually every aspect of design, construction, and rehabilitation of concrete pavements.

The program also will cover timely topics such as sustainability, energy, fuel efficiency, and more. There also will be application specific webinars that will focus on unique aspects of highways, or airports, roadways, or industrial/commercial pavements.

What's New for 2009?

Here are some of the highlights of our webinar program:

- < Expanded from 16 to 36 webinars.
- < More opportunities for interaction.
- < Dynamic presentation materials.
- < Special pricing on ACPA periodicals and resources.
- < Special access and special invitations to ACPA sponsored education & training events, including our popular Tech Day event, scheduled for December 4, 2009.

Who Should Participate?

Almost anyone with involvement or an interest in pavements should attend. Our special 60-minute

programs provide an overview of various topics; these webinars are ideal for busy people who need to know the basics.

Our 60- to 90-minute programs are designed for those who want an intermediate level course that covers various topics in greater depth.

ACPA's webinar program is designed for ...

- < Contractors
- < Consultants
- < Engineers
- < Federal agencies (including FHWA and FAA)
- < Military and Dept. of Defense contractors and engineers
- < Municipal and county public works officials
- < Metropolitan Planning Organization officials
- < Academia

Some of our programs are also ideal for materials engineers, inspectors, and other agency personnel.

A few of our webinars are also well suited for facilities managers, architects, owners' representatives and other asset managers and planning professionals who need to enhance their knowledge of pavements.

Are you missing an opportunity?

If you are not an ACPA member, you may be missing an opportunity to receive valuable benefits, including tremendous savings on this and other programs. For membership information, contact Gerald Voigt, P.E. at 847-966-2272 or acpa@acpa.org.

Updated Schedule of ACPA Webinars

Number	Date	Time (Minutes)	Topic	Presenter
30	October 22	1 p.m. CST (90)	Identifying and Solving Materials Problems During Concrete Pavement Construction	Peter Taylor, Ph.D., P.E., National Concrete Pavement Technology Center (CP Tech Center)
31	October 29	1 p.m. CST (90)	Contractors' Guide for Equipment Maintenance (No PDH credit*)	Bob Leonard, GOMACO and Ron Meskis, Guntert & Zimmerman
32	November 5	1 p.m. CST (60)	Tips and Techniques for Constructing Concrete Pavements in Urban Areas	Michael Ayers, Ph.D., American Concrete Pavement Association
33	November 12	1 p.m. CST (60)	A Guide to Fast-Track Pavement Construction	Michael Ayers, Ph.D., American Concrete Pavement Association
34	November 19	1 p.m. CST (60)	How to Perform Full-Depth Concrete Pavement Repairs	John Roberts, International Grooving & Grinding Association
35	December 10	1 p.m. CST (60)	Common Mistakes and Solutions to Concrete Curing	Michael Ayers, Ph.D., American Concrete Pavement Association
36	December 17	1 p.m. CST (60)	How to Repair Concrete Pavements in Urban Areas	Michael Ayers, Ph.D., American Concrete Pavement Association

= Completed programs are highlighted in yellow. Look for our training-on-demand modules at www.acpa.org/bookstore.

* Please note: No test will be administered following webinar #31, and therefore, no Professional Development Hour (PDH) credit will be awarded.

Rate Structure for the 2009 ACPA Webinars Series

Pricing and other important information.

Webinar Rates (approx. 60 minute webinars)

- < \$65 per webinar (*non-members*)
- < \$35 per webinar (members only)
- < \$25 per webinar (government employees)

< \$35 per webinar (government employees)

Registration

Register online at www.acpa.org. Click on the webinar link or ACPA E&T Program icon.

Webinar Rates (approx. 90 minute webinars)

- < \$90 per webinar (*non-members*)
- < \$50 per webinar (members only)

Schedule continued on page 4...

Terms and Conditions

- < A \$5 processing fee will be charged for each webinar canceled by the registrants or other company/organization representatives.
- < Professional development hours (PDH's) will be awarded only to individuals who score a 70% or higher on the ACPA-administered PDH exam. Persons who do not pass the exam may re-test.
- < PDH's will be issued only to persons whose payments have been processed satisfactorily.
- < Participants interested in the award of PDH's should check with local licensing organizations for specific requirements prior to registering and participating in this webinar.
- < Rates are applicable to all participants.
- < Course materials are offered at the conclusion of each webinar. Course materials include a copy of the presentation, the PDH exam, and information about additional resources on each topic.
- < Presentation materials are available to registrants at the conclusion of each webinar.
- < The opinions, findings, and conclusions expressed by presenters and moderators during the ACPA webinar series, as well in associated information, is based on facts, tests, and authorities in the field of concrete pavements and related topics.
- < The materials are intended for use by professional

personnel competent to evaluate the applicability and limitations of the information and who will accept responsibility of the application of the material contained herein.

- < ACPA and its partners and affiliates disclaim any liability for the application of the information presented in association with the webinars and cannot be held responsible for the accuracy of any of the sources, other than the work developed by the Association staff.

We're Here to Help

Your ACPA staff is available to assist you with any aspect of your webinar experience.
