

<http://rcc.acpa.org/>

The screenshot shows the 'The National RCC Explorer' web application. At the top, it says '259 Items' and '93 results out of 259 cannot be plotted.' The main area is a map of North America with various colored markers representing different project types. A sidebar on the right contains several filter categories:

- Search:** (input field)
- Application:**
  - 73 Industrial/Trucking Facility
  - 52 Local Street
  - 42 Port or Intermodal Facility
  - 31 Military
- State:**
  - 1 AL
  - 32 AL
  - 1 AR
  - 1 AZ
- RCC Thickness (in.):**
  - 5 4 - 5
  - 22 5 - 6
  - 49 6 - 7
  - 17 7 - 8
- Contractor:**
  - 44 A. G. Peltz Group, LLC
  - 1 Abramson LLC
  - 1 APAC-Georgia
  - 1 Archer-Western
- Year Constructed:**
  - 2 1975 - 1980
  - 8 1980 - 1985
  - 36 1985 - 1990
  - 5 1990 - 1995
- Project Size (\$):**
  - 165 0 - 50000
  - 27 50000 - 100000
  - 8 100000 - 150000
  - 150000 - 200000
  - Aggregate

At the bottom of the map area, there are legends for 'Application' (Airport, Arterial Street, Industrial/Trucking Facility, Local Street, Military, Other, Port or Intermodal Facility, Widening or Shoulder, mixed) and 'Project Size (\$)' (0, 100000, 200000, 300000, 400000, 500000).

*Airports, arterials, industrial/trucking facilities, local streets, military, ports/intermodal, widening/shoulders, etc.*

## View hundreds of RCC projects across the North America

- Sort and view by application
- View project details
- Sort by state, year constructed, thickness, and other details
- See project notes, including present condition, paving and plant equipment, test strip requirements, and many other important construction details!
