

Resources Center

FREE Access to ACPA's Technical Publications Library

ACPA recognizes the crucial role that technicians, designers, engineers, and contractors play in building and maintaining our country's transportation infrastructure. Knowing that your demanding job requires quick and affordable access to technical and engineering information about concrete pavements, ACPA has partnered with your local ACPA Chapter or state paving association to provide you free, online access to a vast and valuable assortment of technical information from ACPA, the *National Concrete Pavement Technology Center*, and the *Innovative Pavement Research Foundation*.

If you are a professional working for a public agency or a member of ACPA, you are eligible for free access to this ever-growing and continually updated resource.

Here's how it works:

- Step 1:** Call or email your local ACPA Chapter or state paving association
- Step 2:** They will provide you with a username and password to access the site
- Step 3:** Go to <http://resources.acpa.org/>
- Step 4:** Log in using the username and password provided to you
- Step 5:** Click on publications or search the technical publication library

It's quick and FREE!

The screenshot shows the ACPA Resources Center website interface. On the left is a navigation menu with 'Home' and 'Publications'. Below it is a login form with fields for 'Username' and 'Password', a 'Remember Me' checkbox, and a 'LOGIN' button. There are also links for 'Forgot your password?' and 'Forgot your username?'. The main content area features a 'Construction' category and a 'Documents' section. A document titled 'Concrete Pavement Field Reference Paving (EB238P)' is highlighted, with a 'new! & hot!' badge. A table provides details: Date added: 11/12/2010, Filesize: 7.51 MB, Downloads: 14. A 'Details' button is visible below the document. On the right, a 'NEWEST ADDITIONS' sidebar lists various publications like 'Agency Practices Database', 'National Concrete Overlay', and 'Concrete Pavement Field Reference Paving (EB238P)'. The top of the page includes the ACPA logo and search options.
