ANTITRUST STATEMENT
ACPA Chapter/State Committee

The American Concrete Pavement Association (ACPA) assigns the highest priority to full compliance with both the letter and the spirit of the antitrust laws. It is vital that this meeting be conducted in a manner consistent with that policy. If at any time during the course of the meeting, ACPA counsel, staff or any attendee believes that a sensitive topic under the antitrust laws is being discussed, or is about to be discussed, they will so advise the other meeting attendees and halt further discussion. As attendees at this meeting, you should not hesitate to voice any concerns that you may have in this regard.

It is important to bear in mind that those in attendance at this meeting may be your competitors. Any discussions of commercial matters with one’s competitors may create the appearance of an antitrust violation, even though there is none. Therefore, such discussions should be avoided at all times, before, during, and after the meeting.
