APPLICATION FOR MEMBERSHIP - 2026

National Direct Paving Contractors

PLEASE COMPLETE THE FOLLOWING CONTACT INFORMATION:

COMPANY NAME: _____

MAIN OFFICE ADDRESS: _____

_____

CITY: _____ STATE/PROVINCE: _____ POSTAL CODE: _____

TELEPHONE: _____ FAX: _____

WEB ADDRESS: _____

YOUR NAME: _____

YOUR TITLE: _____ E-MAIL: _____

INDICATE THE TYPE OF WORK THAT YOUR COMPANY PERFORMS (CHECK ALL THAT APPLY):

- ☐ Airport Concrete Paving
- ☐ Bridge Decks
- ☐ Asphalt Paving
- ☐ Concrete Highway Paving
- ☐ Concrete Parking Lot Paving
- ☐ Concrete Pavement Repair/Preservation
- ☐ Concrete Street/Road Paving
- ☐ Diamond Grinding
- ☐ General Contractor
- ☐ Industrial Concrete Paving
- ☐ Pervious Pavement
- ☐ Roller-Compacted Concrete Paving
- ☐ Soil Stabilization
- ☐ Other (explain) _____

ACPA MEMBERSHIP IS TAX DEDUCTIBLE:

The American Concrete Pavement Association (ACPA) is a 501(c)6 organization. For federal tax purposes, contributions to the ACPA are a deductible business expense. **For 2026, 5.30% of membership dues is classified as lobbying activities and is not tax deductible per IRS regulations.** For 2026, no portion of ACPA dues are contributed to political campaigns or candidates.

CONTRIBUTION TO ACPA FOUNDATION:

ACPA maintains a commitment to research and education on behalf of the industry. A voluntary member contribution designated for the ACPA Foundation, a 501(c)3 organization operated by ACPA will be restricted for use in funding research and education priorities. The ACPA Foundation applies its funds toward projects that meet the strategic intent of the concrete pavement industry, such as:

- ***Performance-Engineered Concrete Mixtures*** – an effort shared by the ACPA Foundation and its partner, National Concrete Pavement Technology Center to develop new mixture design procedures for concrete paving mixtures. Performance-engineered mixtures will better ensure concrete pavement applications will meet and/or exceed the intended design life without premature materials-related durability problems.

- ***Concrete Overlays –*** an effort shared by the ACPA Foundation and its partner, National Concrete Pavement Technology Center to refine and implement improved guidance on concrete overlays for existing concrete or asphalt pavements.

- ***Technology Transfer and Education –*** an effort directed toward the development of engineers knowledgeable about concrete pavement and the concrete pavement industry.

PLEASE READ THESE IMPORTANT NOTES ABOUT CONTRACTOR MEMBERSHIP IN THE ACPA NETWORK:

I have read and understand the section below (please check): ☐ YES ☐ NO

1. Any contractor located in an area without an ACPA-affiliated chapter or state association may join ACPA National directly and receive ACPA National membership benefits. Contractors that join an ACPA-affiliated chapter or state association automatically become members of ACPA National, regardless of company size or work volume.
2. All contractor members are required to pay the ACPA National assessment for work performed in both affiliated and unaffiliated areas, as well as any applicable local assessments for work performed within an affiliated chapter or state association's territory.
3. ACPA National membership does not automatically confer the membership benefits of an affiliated chapter or state association. Contractors performing work within an affiliate's territory are subject to that affiliate's applicable assessments and requirements.
4. Each affiliated chapter or state association establishes its own assessment rates, assessable items, collection timing, and related requirements. These requirements apply to work performed within the affiliate's defined territory by all contractor members, regardless of their designated "home" chapter or state association.
5. Local assessment rates and requirements vary by affiliated chapter or state association and are published on ACPA's members-only website at www.acpa.org.
6. For the 2026 and 2027 calendar years, ACPA National contractor assessments are capped at $50,000 annually per Contractor Member. The cap applies only to ACPA National assessments, on a per-contractor, per-calendar-year basis, and does not affect local chapter or state association assessments, rates, billing practices, collection timing, or payment obligations.
7. Once established, contractor membership remains active unless and until ACPA headquarters receives a written letter of resignation. Members remain responsible for all dues and assessments required under Board-adopted policies until their written resignation is received.

DUES RATES:

ACPA national assessments are directly proportional to the volume of applicable work awarded to your company. Assessments are a reflection of the value of the research, policy and standards creation/monitoring, promotion and other Association efforts that create the opportunities for projects, as well as the technical service that may be required on a project. Assessments are only applied to the type of work that the Association promotes, including highway, airport, street, road, industrial concrete paving and repair. Specialty concrete paving, such as roller-compacted and pervious concrete are also included.

National Rate: $0.55/$1000 of assessable work (paving items only!)

Note: Domestic contractor members from areas that do not have a local affiliated chapter or state association will receive volume assessment forms for projects identified from state or U.S. territory bid tabulations, as well as self-assessment forms. Domestic national-direct contractor members are asked to complete the forms and return them to the ACPA national office. ACPA will provide a dues invoice for appropriate financial record-keeping by the member based on their information. Where letting records are available, ACPA will provide specific assessment invoicing using those records.

VOLUNTARY CONTRIBUTION:

Application Dues: $600.00

(fee credited to first volume assessment)

ACPA Foundation Contribution (optional): ☐ $100 ☐ $250 ☐ $500 ☐ $1000 ☐ Other: _____

Total: _____

Billing contact name (if different from you): _____
